

Make a milk bottle

WOODCUT LANTERN

You will need...

- To print out this page, or get a copy of Retford or Worksop Life
- Scissors
- A clean, empty milk bottle
- Glue
- Pens, paint, or whatever you like to decorate!
- A String of fairy lights

Instructions:

1. Carefully cut the picture away from the text.
2. Colour in the picture or make patterns around it! *You could make your lantern look like a big stained glass window!*
3. Let the ink or paint dry, then glue the picture to the outside of the milk bottle
4. Turn on your fairy lights and drop them into the milk bottle.
5. Put your lantern in your window on the 26th of November! *Share pictures of your creation with #OneSmallCandle, and see what other people have made too!*
